Despondent

NobleStarr

Feeling emptiness
Deep inside you
Nothing you do
Can make you feel any better

You hang alone
By yourself, and play
A million Friends
Can't make you feel any better

Feeling worried
You can't accomplish anything

You never want it
You never asked to be like this

Sometimes You suffer
Sometimes, You really love the pain
You really love the pain

O despondent
O despondent
O despondent
Can't take you away
Can't take you away
When you want to be alone

O despondent
O despondent
O despondent
Can't take you away
Can't take you away
When I'm in love with you

I will love you
To the end of time
I have your back
And I will hang with you

You get so scared

Of nothing
You imagine
Things that are not there

Feeling worried
You can't accomplish anything

You never want it
You never asked to be like this

Sometimes You suffer
Sometimes, You really love the pain
You really love the pain

O despondent
O despondent
O despondent
Can't take you away
Can't take you away
When you want to be alone

O despondent
O despondent
O despondent
Can't take you away
Can't take you away
When I'm in love with you

I will try
And maybe fall
When I fall
I will get up
I will smile
And you laugh
You took my hands
And make me yours

O despondent
O despondent
O despondent
Can't take you away
Can't take you away
When you want to be alone

O despondent
O despondent

O despondent
Can't take you away
Can't take you away
When I'm in love with you
