I See You

Luke Bryan

Roll in the bar, me and my crewâ€¨
Their little plan to get me over you
They're hookin' me up, yeahâ€¨
Buyin' me drinks
With a thousand girls
There's just one thingI can't go anywhere, I can't do anythingâ€¨
No, I can't close my eyes without you in my dreamsâ€¨
You won't leave me alone, even though I know you're gone
I look around for someone new, but I see youâ€¨
Jumpin' up there with the bandâ€¨
Takin' me by the handâ€¨
Hey boy, come dance with meâ€¨
Stuck like a melody
In my head, in the bed of my truckâ€¨
By the light of the midnight moonâ€¨
Baby, I see you(Whoa)Don't know what you did, but you done it goodâ€¨
You don't know how bad that I wish I couldâ€¨
Delete you from my phone, find a girl and take her home
But there's just one thing wrongI can't go anywhere, I can't do anythingâ€¨
No, I can't close my eyes without you in my dreamsâ€¨
You won't leave me alone, even though I know you're gone
I look around for someone new, but I see youâ€¨
Jumpin' up there with the bandâ€¨
Takin' me by the handâ€¨
Hey boy, come dance with meâ€¨
Stuck like a melody
In my head, in the bed of my truckâ€¨
By the light of the midnight moonâ€¨
Baby, I see youYour lips, your eyesâ€¨
Girl, since you told me goodbyeI can't go anywhere, I can't do anythingâ€¨
No, I can't close my eyes without you in my dreamsâ€¨
You won't leave me alone, even though I know you're gone
I look around for someone new, but I see youâ€¨
Jumpin' up there with the bandâ€¨
Takin' me by the handâ€¨
Hey boy, come dance with meâ€¨
Stuck like a melody
In my head, in the bed of my truckâ€¨
By the light of the midnight moonâ€¨

Baby, I see you(Whoa)Baby, I see you
Baby, I see you
