

# Casanova In Hell

## Pet Shop Boys

Advisory - the following lyrics contain explicit language:

The girl's perfection inspires affection  
It's queer that here  
He can't cast his spell in her direction  
Somewhere near one senses fear  
Casanova in hellThe girl is naked, the boy is naked  
He hides inside the secret chamber  
There to gape, through a velvet drape  
And dream of rape  
Casanova in hellHer sharp suggestion  
He couldn't get an erection came as a shock  
He finds himself a laughing stock  
His aging fate to contemplate  
Casanova in hellBack in the library  
His revenge is his story  
What he will write, will recall the bite  
Of his wit and legendary appetite, the sybarite  
Casanova is hellFor Casanova has the last laugh  
Creates the myth and vindication  
Of his sexual vocation  
Makes the definitive collectionHis lives and lovers and above all  
His erection will live in history
