

Ethnic Cleansing Day

Voodoo Glow Skulls

I guess there's no hope
For us today
If they succeed,
Ethnic cleansing day. Who's going to do all the shit you don't like?
There's no glamour in the fields, no hope for the streets.
Go back to where you came from, question your nationality,
Pay dues to the government, come to find they can't stand me. So pack your bags,
And let's hope and pray
The devil is ruthless
Ethnic cleansing day. I guess there's no hope
For us today
If they succeed,
Ethnic cleansing day. Will it come to a time, they'll take a hose,
And come knocking door to door?
Checking for culture and ethnicity,
Cleansing L.A. for sure. I guess there's no hope
For us today
If they succeed,
Ethnic cleansing day. So pack your bags,
And let's hope and pray
The devil is ruthless
Ethnic cleansing day.
