

The Cute

Clarence Clarity

The Cute,
The Cute,
The Cute,
The Cute,
The Cute...I'm channelling a tunnel vision
I panic in a c-collision
I stutter in in-d-d-decision
Lie about a premonition
What?What you see ain't what you got
I got the block, can't join the dots
Changing colours with my mind
Been too long, gone colourblindNot on my watch...
