

# Talk to Me

## Buckcherry

Talk to me, talk to me now  
Talk to me, talk to me now  
Talk to me, talk to me now  
Talk to me Feel it, you want it, you know you cannot stop it  
Love don't mean a thing  
Hands are in my pockets just to buy your lockets  
Love don't mean a thing, love don't mean a I give you something but you gotta believe  
You can't talk about it, nothing's for free  
Maybe I should arrest myself Paralyzed by what I see  
Girl, you got a hold on me  
In too deep, you're everything I need  
Talk to me, talk to me now Hypnotize me with your eyes  
Bring my fantasies to life  
Don't believe, our love don't mean a thing  
Talk to me, talk to me now, talk to me Suck it and bleed it, you know you gotta feed it  
Love don't mean a thing  
You're coming to it faster than a bullet  
Love don't mean a thing, love don't mean a Tell me to stop but I got tricks up my sleeves  
It's not a prop, it's what you wanted to see  
Maybe I just detest myself Paralyzed by what I see  
Girl, you got a hold on me  
In too deep, you're everything I need  
Talk to me, talk to me now Hypnotize me with your eyes  
Bring my fantasies to life  
Don't believe, our love don't mean a thing  
Talk to me, talk to me now  
Talk to me, talk to me now Ah, I wanna do this right  
Kiss you right between your thighs  
Oh yeah Talk to me, talk to me now  
Talk to me, talk to me now  
Talk to me, talk to me now  
Talk to me, talk to me now Paralyzed by what I see  
Girl, you got a hold on me  
In too deep you're everything I need  
Talk to me, talk to me now Hypnotize me with your eyes  
Bring my fantasies to life  
Don't believe, our love don't mean a thing  
Talk to me, talk to me now In too deep you're everything I need  
Talk to me, talk to me now

Don't believe, our love don't mean a thing  
Talk to me, talk to me
