

Lovers in Rome

The Shadowboxers

A window and a bed
A place to lay our heads
You and I alone
Lovers in Rome Morning coffee fog
We both forget to talk
Just the sound of the saxophone
Lovers in Rome
I'm on fire
I'm on fire
I'm on fire
For you
I'm on fire
I'm on fire
I'm on fire
For you A bottle on a train
The stops are all the same
And no matter where we go
Lovers in Rome I'm on fire
I'm on fire
I'm on fire
For you
I'm on fire
I'm on fire
I'm on fire
For you
I'm on fire
I'm on fire
I'm on fire
For you I'm on fire
