

What Kind Of Lover (LP Version)

Fanny

What kind of lover do you think you are?
You drink me dry, then you tell me you're thirsty
 You get me thinking I'm a superstar
Then you try hard as you can to hurt meYou're making me lose my mind
What kind of lover do you think you are?What friend in the trouble do you think you'd be?
 You put me down, then you tell me you need me
 You get me living in a fantasy
Then you come 'round and I let you bleed meYou're driving me my prime
 What kind of lover do you think you are?People say you love me
 You talk about me all time
 I want one straight answer
 You ain't making like a friend of mine
 Oh no
 I ain't gonna let you get too farYou're running me out of time
What kind of lover do you think you are?You're driving me up the wall
 What kind of lover do you think you are?
