

I Don't Need You

Die Antwoord

I don't need you
I don't need you
You're like see through
I don't see you I don't need you
I don't need you
You're like see through
I don't see you I'm a playa
Folding paper
From the golden acre
To the over seas
Move over please
The over taker
Hot boude shaker
The fucking answer
The fucking last year
Dit was lekker maar dis nou klaar
You got your pat on the back but you cant fuck with the rising talent of rap Don't speak to me
Did somebody say something
With the bass pumping
The place jumping I don't need you
I don't need you
You're like see through
I don't see you I don't need you
I don't need you
You're like see through
I don't see you Butt
Fuck all
Exactly
Yeah your nasty
Yeah I'm nasty
I've got the ice cream
Cherry Yoghurt
Yeah you know it
You want a lick of my ice cream
I'm a lucky ducky
I think your sucky fucky
Dont speak to me Don't speak to me
Did somebody say something
With the bass pumping

The place jumping I don't need you
I don't need you
You're like see through
I don't see you I don't need you
I don't need you
You're like see through
I don't see you The all masa
They been down Wid us
So stay one
I fucking love you
all the other ones
Wid no fucking face
I Dont love you
I'm above you I don't need you
I don't need you
You're like see through
I don't see you I don't need you
