

# The Center

[Tanya Donelly](#)

You're in the room, I can feel you  
I don't want to, then I do  
I hear the voices of the graces in here  
Swimming around  
Up in the corners of our room You, you hold the center and I sing forever  
And you won't hear the same song twice  
We're shorter of breath maybe longer in tooth lately  
You are the love of my life I'm on your side, believe it or not  
Just don't sneak up on me  
We'll do just fine, hold out your arm  
And I will fly to you  
Bring your leather and I will sink my pins in You hold the center and I sing forever  
And you won't hear the same song twice  
We're shorter of breath, maybe longer in tooth lately  
You are the love of my life You are the mountain, I'm the low-flying bi-plane  
We come together in the most calamitous ways  
You're the Tsunami, I am the fisher in the bay  
We come together in the most glamorous ways You hold the center  
I ride the satellite  
We come together  
You are the love of my life
