

# All In Due Time

**Trevor Hall**

One chapter done  
One chapter come  
I look to the sun  
That's where I runSteadily learning  
Steady we grow  
I hold on to old friends  
And welcome the newAll in due time  
This side and that one  
I go in between  
Let go of dead weight  
Roam and be free  
Grow old and stay young  
That's how we live  
Some they are taking  
But we've come to giveAll in due time
