

Doesn't Everybody Want To Fall In Love

Kristinia Debarge

I think that I love him more, more than life itself
I know that I'll never find nothin' close to him
Never gonna stop, I'll love him till I drop
Ain't ever gonna let him go
He drives me so crazy, I so love my baby
The way he be makin' me feel I know you think I'm dead wrong
Said this should not be goin' on
But are you gonna stop my heart from fallin' in love? Doesn't everybody wanna fall in love?
Doesn't everybody wanna need someone?
Remember when you told me that you didn't have no one
You wouldn't give anything just to have someone So don't hate on me 'cause
He's so good to me, he's so sweet to me
I know that you don't think I know enough
But doesn't everybody wanna fall in love? Fall in love You think the way I'm too young, well, give me a break
I know when you fell in love you were seventeen
I bet you didn't stop when it was gettin' hot
And I know you didn't let him go
So how is this different? And why should I listen to you?
Don't know what's in my heart I know you think I'm dead wrong
Said this should not be goin' on
And how're you gonna stop my heart from fallin' in love? Doesn't everybody wanna fall in love?
Doesn't everybody wanna need someone?
Remember when you told me that you didn't have no one
You wouldn't give anything just to have someone So don't hate on me 'cause
He's so good to me, he's so sweet to me
I know that you don't think I know enough Doesn't everybody wanna fall in love?
Doesn't everybody wanna need someone?
Remember when you told me that you didn't have no one
You wouldn't give anything just to have someone So don't hate on me 'cause
He's so good to me, he's so sweet to me
I know that you don't think I know enough
But doesn't everybody wanna fall in love? I've been lookin' at him, he'd been lookin' at me
It don't really matter what they think about us
No, no, no, no, no, no
And we can hold it down forever
'Long as you and I are together
You don't know what's in my heart I know you think I'm dead wrong
Said this should not be goin' on
And are you gonna stop my heart from fallin' in love? Doesn't everybody wanna fall in love?

Doesn't everybody wanna need someone?
Remember when you told me that you didn't have no one
You wouldn't give anything just to have someone So don't hate on me 'cause
He's so good to me, he's so sweet to me
I know that you don't think I know enough But doesn't everybody wanna fall in love?
Doesn't everybody wanna need someone?
Remember when you told me that you didn't have no one
You wouldn't give anything just to have someone So don't hate on me 'cause
He's so good to me, he's so sweet to me
I know that you don't think I know enough
But doesn't everybody wanna fall in love?
Fall in love, fall in love, fall in love
