

# Sail Away

## Taylor Henderson

[Verse 1]

You sail away in the night but you don't leave home  
With a tide so strong I still hold on  
Will your heart keep beating through the storm?  
I know you sail away in the night but you don't leave home  
You don't leave home (woah)  
You don't leave home (woah)[Chorus]  
Are you making up a case for a keeping me?  
Packing up your heart but you never leave  
If you cast your love to sea  
It will lead you back to me  
I won't let you sail away from here  
If it's what you want then go my dear  
But if you cast your love to sea  
It will lead you back to me (yeah)[Verse 2]  
Far away from me now but I can't let go  
Use your heart as a map and just come home  
Before the waves of worry steal my heart  
I know you're far away from me now but I can't let go[Chorus]  
Are you making up a case for a keeping me?  
Packing up your heart but you never leave  
If you cast your love to sea  
It will lead you back to me  
I won't let you sail away from here  
If it's what you want then go my dear  
But if you cast your love to sea  
It will lead you back to me  
(Woah woah woah)[Bridge]  
I love you  
I want you  
But my heart breaks  
My heart breaks  
Cause I know that  
I can't have you  
So my heart breaks[Chorus]  
Are you making up a case for a keeping me?  
Packing up your heart but you never leave  
If you cast your love to sea  
It will lead you back to me

I won't let you sail away from here  
If it's what you want then go my dear  
    But if you cast your love to sea  
        It will lead you back to me  
            (Woah woah woah)  
        It will lead you back to me
