# Truth Or Consequence

## Unearth

You've cut it down, down to the bone
You begin to spite yourself and all that still surrounds
You've been deceived now by what you've sold
Truth gave way to consequence and left you all, left you all aloneWell, I lost the feeling in my heart tonight
When I was holding you I think, I died
Your touch, your kiss, it's killing me so slowly I think
I lost the feeling in my heart tonightThese streets seem empty, not a ghost in sight
You walk alone now while you become one with night
Black cold and heartless, you'll reap what you sow
Truth gave way to consequence and left you all, left you all aloneWell, I lost the feeling in my heart tonight
When I was holding you I think, I died
Your touch, your kiss, it's killing me so slowly I think
I lost the feeling in my heart tonightBut this ghost, but this town has been turned upside down
I don't want to believe but this ghost is all I see
But this ghost, but this town has been turned upside down
I don't want to believe but this ghost is all I seeWell, I lost the feeling in my heart tonight
When I was holding you I think, I died
Your touch, your kiss, it's killing me so slowly I think
I lost the feeling in my heart tonightWell, I lost the feeling, well, I lost the feeling
Your touch, your kiss, it's killing me
Well, I lost the feeling in my heart tonight
