

Thunder and Lighting

Thunder and Lighting

Joe Nester

[Verse 1]

And I know this sounds absurd it's only been 2 months
I can't describe in words; I know that she's the one
She's everything I need she's everything I want
But I'll never come between a mother and her son
I just wished that you believed when I tell you I don't mind
I know I have to earn your trust little bit at a time
I know I have to earn your trust girl
but everything comes with time
And I just want to make you fall in love
And I just want to make you fall in love
A little bit more tonight

[Chorus]

Cause all of these feelings
There's no denying and
All of this love girl that I have inside me
I know it's scary and I know it's frightening
But we go together like thunder and lighting
We go together like thunder and lighting

[Verse 2]

Your all I think about your always on my mind
Running through my head a hundred thousand times
But I don't mind, no I don't mind at all I know your trying,
so just let go I'll catch you if you fall
Cause I don't think that I could stop this even if I tried
But I don't care cause when I'm with you everything feels right
I don't care cause when I'm with you everything feels right
And I just want to make you fall in love
I just want to make you fall in love
A little bit more tonight

[Chorus]

Cause all of these feelings
There's no denying and
All of this love girl that I have inside me
I know it's scary and I know it's frightening
But we go together like thunder and lightning
Like thunder and lightning we go together
Like thunder and lightning (5xs)

[Verse 3]

I am lost in your embrace and the storms that we create
Till this beach washes away from the rip tide of your ways
I don't know what it is, but I don't want to miss cause a
Love like this just don't exist from the mold of your lips
Keeps me holding to this cause the feeling is bliss
In the moments we kiss, lightning like thunder and lightning (3xs)

[Chorus]

Cause all of these feelings
There's no denying and
All of this love girl that I have inside me
I know it's scary and I know it's frightening
But we go together like thunder and lightning
Thunder and lightning, like thunder and lightning
Thunder and lightning, thunder and lightning
