My First Love

Jamie Grace

Once upon a time not long ago,
You came a'knocking at my heart's door,
Daddy held my hand as he fumbled through the intro,
Told me that You'd love me and You'd never let me go,Now here we are,
Yeah we've come so far,
And You're all I ever need, all I ever need, always gonna be,My first love,
Everything about You is love,
Flowing over more than enough,
And I love You, and I love You,
You're my first love,
Everything about You is so true,
I just wanna tell You, wanna tell You,
I'll be forever Yours,
My first love,I wanna talk about you like all the time,
I wanna tell the whole world that You're mine,
Write it on the skyline,
Paint it like graffiti,
They can label me whatever, just as long as You believe me,And You are my song, yeah,
You make me sing, I'll sing, I'll sing,You're my first love,
Everything about You is love,
Flowing over more than enough,
And I love You, and I love You,
You're my first love,
Everything about You is so true,
And I just wanna tell You, wanna tell You,
I'll be forever Yours, yeah,Everywhere I go, everywhere I sing, everyone I meet,
When they ask me who is this love I'm singing to,
I'll say it's you,
So won't you take my voice,
Take my hands and my feet, Father use this heart,
For whatever You need,
'Cause You will always be
My first love,You're my first love,
Everything about You is love,
Flowing over more than enough,
And I love You, and I love You,
You're my first love,
Everything about You is so true,
Lord wanna tell You, wanna tell You,

I'll be forever Yours,
My first love,(I wanna talk about you like all the time,
I wanna tell the whole world that You're mine,
Write it on the skyline,
Paint it like graffiti,
They can label me whatever, just as long as You believe me)
