Buzzcocks

When you kiss me
Does the lipstick on your lip stick on my face
Will you miss me
In your dreams does your lover have my face Ah, when you kiss me
Does the lipstick on your lip stick on my face
Ah, will you miss me
In your dreams does your lover have my face It's the morning
And the mourning it is dawning on me too
I'd no warning
Just a condolence card to tell me that we're through Ah, it's the morning
And the mourning it is dawning on me too
I had no warning
Just a condolence card to tell me that we're through Will you kiss me
Does the lipstick on your lip stick on my face
When you miss me
In your dreams does my lover have your face Ah, when you kiss me
Does the lipstick on your lip stick on my face
Ah, will you miss me
In your dreams does your lover have my face
