Love Out Of Lust

Lykke Li

Rather die in your arms than die lonesome
Rather die half than die hollow
The higher that I climb, the deeper I fall down
I'm running out of time so let's dance while we're waiting
We will live longer than I will, we will be better than I was
We can cross rivers with our will, we can do better than I can
So dance while you can, dance 'cause you must
Love out of lust, dance while you can
Rather live out a lie than live wondering
How the fire feels while burning
For life is like a flame and the ashes go wasting
So honey, don't feel 'fraid to dance while we're waiting
We will live longer than I will, we will be better than I was
We can cross rivers with our will, we can do better than I can
So dance while you can, dance 'cause you must
Love out of lust, dance while you can
So tired of waiting, come baby
So tired of waiting, come baby
We will live longer than I will, we will be better than I was
We can cross rivers with our will, we can do better than I can
We will live longer than I will, we will be better than I was
We can cross rivers with our will, we can do better than I can
So dance while you can, dance 'cause you must
Love out of lust, dance while you can
Love out of lust
Love out of lust
Love out of lust
Love out of lust
Love out of lust
Love out of lust
Love out of lust
Love out of lust
Love out of lust
