

You Wild Colorado

[Johnny Cash](#)

Oh you wild raging river like my woman's lips you lure me

Pied piper of the desert roll on to the sea

You're the same at noon or midnight and I follow where you go

But you're planning no returning you wild Colorado If I had no love of life I'd become part of your flow

But I fear the place you'd take me you wild Colorado Oh you wild raging river from the fountains of the
mountains

You ripple down the valleys growing wide and swift and deep

With what power you cut your canyons how long ago

You're as wayward as my woman you wild Colorado If I had no love of life I'd become part of your flow

But I fear the place you'd take me you wild Colorado
