

# Shine

## Pro-Pain

Burn the bridgeAnd severe all ties to the right  
Kiss the kidsBrace yourself  
Cause daddy's gone off to fightFor the search and seizure of the land  
We'll spread the wealth  
And finally gain the upper handIn death and taxesGod we trustE.Pluribus unum shine  
I rustHang 'em highAnd don't cut em' down till you're toldWe're justified  
In taking back what they stoleMad as hell  
We desecrate in disgraceDry, the wellYou kick the dirt in my faceIn death and taxes  
God we trustE.Pluribus unum shineI rust
