

# Time Bomb

## Faber Drive

Tick, tick  
Tick, tickin' away  
She said to me  
She'd rather be  
Outside the ozone  
Hands on her face  
She starts to shake  
Her house is no home  
Uh oh, oh no it's bombs away  
Gotta get away  
She just can't take it  
Time bomb  
Tick, tick  
She's gonna flick the switch  
If it stays crazy  
Time bomb  
Tick, tickin' away  
Their microscope  
Looks way to close for imperfections  
But under the gun  
She's had enough  
She can't impress them  
Uh oh, oh no it's bombs away  
Gotta get away  
She just can't take it  
Time bomb  
Tick, tick  
She's gonna flick the switch  
If it stays crazy  
Time bomb  
Tick, tickin' away  
She's gotta get away  
She just can't take it  
Time bomb  
Tick, tick  
She's gonna flick the switch it  
If it stays crazy  
Time bomb  
Tick, tickin away

Blows me away  
Blows me away  
(Tick tickin' away)  
Blows me away  
Blows me away  
(Tick tickin' away)  
Blows me away  
Blows me away  
She said to me  
She'd rather be inside the ocean  
Inside a sea of fantasy  
To live in slow motion  
Gotta get away  
She just can't take it  
Time bomb  
Tick, tick  
She's gonna flick the switch it  
If it stays crazy  
Time bomb  
Tick, tickin away  
Gotta get away  
She just can't take it  
Time bomb  
Tick, tick  
She's gonna flick the switch it  
If it stays crazy  
Time bomb  
Tick, tickin away  
Blows me away  
Blows me away  
Tick tickin' away  
Blows me away  
Blows me away  
Tick tickin' away  
Tick tickin' away
