

Folk City

Jan & Dean

Two girls for every boyâ€¦!
I got a Hohner harmonica and a Vox 12 string.
Folk City here we come.
You know there's lots of protest songs that I wanna sing.
Folk City here we come.
Iâ€™m going to sing all the words like Bob Dylan does,
About where itâ€™s at and where it was.

Yeah Iâ€™m goinâ€™ Folk City cause I got to unwind
You know Iâ€™m goinâ€™ to Folk city, got to blow my mind
You know Iâ€™m goinâ€™ to folk city cause I got to unwind
Yeah goinâ€™ to Folk City got to blow my mind
Two Girls for every boyâ€¦!

I am getting bugged with this feeling of being uptight.
Folk City here we come.
Iâ€™m gunna find me a chick who does everything right.
Folk City here we come.
So take a trip with me and we will be all alone,
In the jingle jangle morning like a Rolling Stone.

And Iâ€™m goinâ€™ Folk City cause I got to unwind
You know Iâ€™m goinâ€™ to Folk city, got to blow my mind
You know Iâ€™m goinâ€™ to folk city cause I got to unwind
You know Iâ€™m goinâ€™ to Folk City got to blow my mind
Two girls for every boyâ€¦!

So go away from my window come round to my door
Folk City here we come.
Cause if you wanna be in thatâ€™s what itâ€™s for.
Folk City here we come.
To be a little more than friends is all I want to do,
And say â€œI would be me and, and why when were through?â€•

And Iâ€™m goinâ€™ Folk City cause I got to unwind
You know Iâ€™m goinâ€™ to Folk city, got to blow my mind
You know Iâ€™m goinâ€™ to folk city cause I got to unwind
You know Iâ€™m goinâ€™ to Folk City got to blow my mind
Two girls for every boyâ€¦!
