Morning Dreams

Ladyhawke

When I get you home I'll never let you go
Too bad never last for long
When I'm all alone you creep into my mind
And I pretend it's you by my sideYou look a little better each day to me
And you try a little harder each day to be
Everything that I wanted in you
And do everything that I need you to doMorning dreams come true
'Cause I wake up next to you
And only for your eyes do I sing these lullabiesEverything you do is all I need to know
I'm yours, I'll never let you down
Anywhere you are is where I wanna be
Anywhere, anytime or placeYou look a little better each day to me
And you try a little harder each day to be
Everything that I wanted in you
And do everything that I need you to doMorning dreams come true
'Cause I wake up next to you
And only for your eyes do I sing these lullabiesYou look a little better each day to me
And you try a little harder each day to be
Morning dreams come true
'Cause I wake up next to you
And only for your eyes do I sing these lullabiesMorning dreams come true
Morning dreams come true
Morning dreams come true
Morning dreams come trueMorning dreams come true
Morning dreams come true
Morning dreams come true
Morning dreams come true
