Have Sweet Dreams

Maysa

You're the one who has the whole world on your shoulder
though no one can see it in your lovely smile
it is time for you to be where i can soothe you
come inside my deepest love for just a whilehave sweet dreams, sweet dreams til the morning
have sweet dreams, sweet dreams thru the night
have sweet dreams, sweet dreams til the morning
i'll be holding you until the morning lightThere's sometimes you feel that everyone's against you
there could be nothing that's further from the truth
but you were born to give the world love, hope and power
and i was made to love you when your day is through
each and every morning before the sun starts dawning
i'll be right by your side
i am right here with you
no matter what you go through
i am right by your side
from the time your day begins there's no smooth sailing
there are so many things and people you must face
but the good part is that on your worst day ending
I will shower you with sweet love in my spaceeach and every morning before sun starts dawning (etc)2x again
