Under My Hat

Goddo

Tell me dear brother
What's driving you mad
Have you got the answer
I'll keep it under my hat

This working frustration
Get it off your chest
There's no motivation
A chance to get a rest

Mechanical feeling
Why there's is no such thing
A human endeavor
Has got the truest ring

No need to get angry
Who wants to do that
So tell all your secrets
I'll keep it under my hat
I'll keep it under my hat
I'll keep it under my hat
I'll keep it under my hat

Under my hat

Tell me dear brother
What's driving you mad
Have you got the answer
I'll keep it under my hat

No need to get angry
Who wants to do that
So tell all your secrets
I'll keep it under my hat

Yes I will

I'll keep it under my hat
Right down under
I'll keep it under my hat

Its so right
I'll keep it under my hat

Under my hat
I'll keep it under my hat
Under my hat
I'll keep it under my hat
Under my hat
I'll keep it under my hat
Under my hat
I'll keep it under my hat

Ooooh down under my hat

Right down under my hat

I'll keep it under my hat
