

Palahniuk's Laughter

Fightstar

I'm not in your house
But I'm not in your head
You're not even listening
It's so hard to know
When you're not scared Please don't help me
Please don't hate me Stop putting me down
'Coz I won't ever understand
I see it in your eyes
I see it in your mind I'm trying not to speak
'Coz you can't hear my voice
Nothing seems familiar here
On the other side
Of this town Please don't help me
Please don't help me Stop putting me down
'Coz I won't ever understand
I see it in your eyes
I see it in your mind Hold on
Hold on If I see this all again
I'll try to take my time
I wonder how fast you could try All this time I thought you knew
All this time I thought you knew
