I Fall So Deep

Eloise Laws

I'm always thinking about you
I wonder if you can tell
These things I'm feeling inside me
I keep them all to myself
Scared to show my true emotions
Don't want to love alone
Because I fall so deep
You never know how I go
And I know why hearts beat desperately
I fall so deed
Some people think love is foolish
While others think it's a game
I think that love is a fire
I'm burning up in your flame
I'm so lost in my emotion
Wanting you evermore
Because I fall so deep
You never know how far I go
And I know why hearts beat desperately
I fall so deep
I fall so deep
And I've come so close to the apart
Where I reveal my heart to you
But I lose my nerve
Can't find the words to tell you that it's true
I fall so deep
'Cause I fall so deep
You never know
How far I go
And I know why
Hearts beat desperately
I fall so deep
