Crash And Burn (Sultan & Ned Shepard Remix)

Nadia Ali

You knew me better than anyone ever
And I remember your very first letter
We were so young and all that we wanted was moreWe fit each other like rebels on Harley's
And I knew how to answer your body
But at the speed that we drove we were bound to wash outWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in loveI could read every word you were thinking
You gave me something I never was given
It was heaven and hell all at once as we laughed and criedThere always needs to be one that is willing
To throw a rope down to someone who's slipping
But sometimes you gotta know when to let it goWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in loveWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in loveI would not change a thing
All the love, all the pain
You were my everything
It will always remain
It was all worth it
It was all worth itWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in loveWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in love
In loveWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in love
In loveWe flew rockets to the sun
Knowing we'd crash and burn
And that's the risk we run
When you fall in love
In loveWe flew rockets to the sun
Knowing we'd crash and burn

And that's the risk we run
When you fall in love
In loveWe flew rockets to the sun
Knowing we would crash and burn
We flew rockets to the sun
Knowing we would crash and burn
