

Someone To Love You

Hobbie Stuart

i feel like i know u well
and u should believe more in yourself
cause i have a heartache its been hell
but im starting to feel myself since i met you and your ex fucked up i can tell
but you need a real man, let your walls down
let me through, let me through him talkin about someone that'll love you when the times are hard
someone that'll love you just for who you are
kissing on your neck, make your body itch
feel it in your spine to your finger tips
until you see
that all you need is someone to love you
someone to love you
someone to love you in the middle of the night
love you in the middle of the night x2 i've been around the world, seen a lot of things
seen a lot of girls, but u make me sing like no one else does
lata-rata. lata-rata. what the future holds ain't for us to know
im trying to worry less about the things i can't control
you should worry more about your heart, mind and soul
yeah
cause you don't have to be alone im talkin about someone that'll love you when the times are hard
someone that'll love you just for who you are
kissing on your neck, make your body itch
feel it in your spine to your finger tips
until you see
that all you need is someone to love you
someone to love you
someone to love you in the middle of the night
love you in the middle of the night x2 and i'll love you like how you deserve
and i will love you like we're the only ones left in this world someone to love you
someone to love you babe
someone to love you yea
someone to love you
