## **Iron Sky**

## **Paolo Nutini**

We are proud individuals living on the city
But the flames couldn't go much higher
We find gods and religions to
To paint us with salvation

But no one

No nobody

Can give you the powerTo rise over love

And over hate

Through this iron sky

That's fast becoming our minds

Over fear and into freedomOh, that's life

Left dripping down the walls

Of a dream that cannot breathe

In this harsh reality

Mass confusion spoon fed to the blind

Serves now to define our cold societyFrom which we'll rise over love

Over hate

From this iron sky

That's fast becoming our minds

Over fear and into freedomYou just got to hold on!

You just got to hold on!Oh oh oh (To those who can hear me, I say, do not despair

The misery that is now upon us is but the passing of greed

The bitterness of men who fear the way of human progress

The hate of men will pass, and dictators die

And the power they took from the people will return to the people

And so long as men die, liberty will never perish

Don't give yourselves to these unnatural men

Machine men with machine minds and machine hearts!

You are not machines, you are not cattle, you are men!

You, the people, have the power to make this life free and beautiful

To make this life a wonderful adventure

Let us use that power!

Let us all unite!)And we'll rise over love

And over hate

Through this iron sky

That's fast becoming our minds

Over fear

And into freedom

Into freedom!From which we'll rise over love

And over hate
Through this iron sky
That's fast becoming our minds
Over fear and into freedom
Freedom!Oh, from which we'll rise over love
And over hate
Through this iron sky
That's fast becoming our minds
Over fear and into freedom
Freedom!Freedom!
Rain on me!
Rain on me!
