

# Angels (Shadow Child Unofficial VIP)

## The xx

Light reflects from your shadow  
It is more than I thought could exist  
You move through the room  
Like breathing was easy  
If someone believed me They would be  
As in love with you as I am  
They would be  
As in love with you as I am  
They would be  
As in love with you as I am  
They would be  
In love, love, love And everyday  
I am learning about you  
The things that no one else sees  
And the end comes too soon  
Like dreaming of angels And leaving without them And leaving without them Being  
As in love with you as I am  
Being  
As in love with you as I am  
Being  
As in love with you as I am  
Being  
As in love, love, love  
Love, love, love  
Love, love, love And with words unspoken  
A silent devotion  
I know you know what I mean  
And the end is unknown  
But I think I'm ready  
As long as you're with me Being  
As in love with you as I am  
Being  
As in love with you as I am  
Being  
As in love with you as I am  
Being  
As in love, love, love
