

# Hard to Say Goodbye

[Kim Richey](#)

We talked it out  
And we've had our say  
And we both agree we're better off this way  
Well, good for us  
We're so grown up  
And there's no hard feelings  
Sure, we'll keep in touch Tell me why, tell me why  
Is it so hard to say goodbye  
Hard to say goodbye Ah, it's no big deal  
Yeah, it's nothin' new  
It's just somethin' everybody runs into  
So hang up the phone  
And turn out the light  
Sweet dreams, tomorrow it'll be alright Then tell me why, tell me why  
Is it so hard to say goodbye  
Hard to say goodbye
