

# Cutting Deep

**Darren Styles**

good bye, sweet love of my life  
losing you cuts as deep as a knife  
i know i did you wrong and things werent right  
but i loved you girl, more than lifegood bye, sweet love of my life  
i hope he loves you like i do  
and everything turns out right  
alone ill stay with my memories of you  
good bye sweet love  
good bye and good night
