Big Ol' Truck

Toby Keith

Yeah you can see the girl comin'
From a mile away
She's got her big wheels turnin'
She's got Oklahoma plates
She's got her sun roof up
She's got her windows rolled down
And you oughta feel the ground shakin'
When she comes to town
Yeah I'm in love with the girl in the four-wheel drive
Chrome steel bumpers and red step side
She has a large time in her large machine
Man I wonder how she gets up in that thing
It casts a big shadow sittin' in the sun
She's got it revved up rockin' ready to run
And someday soon I'm gonna climb right up
And take a little ride in her big ol' truck
She's got bucket seats fully customized
In your wildest dreams painted on the side
It was built to run, she was built to show
She's got a Haggard hit playin' on her stereo
Yeah I'm in love with the girl in the four-wheel drive
Chrome steel bumpers and red step side
She has a large time in her large machine
Man I wonder how she gets up in that thing
It casts a big shadow sittin' in the sun
She's got it revved up rockin' ready to run
And someday soon I'm gonna climb right up
Take a little ride in her big ol' truck
Yeah I'm in love with the girl in the four-wheel drive
Chrome steel bumpers and red step side
She has a large time in her large machine
Man I wonder how she gets up in that thing
It casts a big shadow sittin' in the sun
She's got it revved up rockin' ready to run
And someday soon I'm gonna climb right up
Take a little ride in her big ol' truck
Big ol' truck, ten feet tall, ten feet wide, it's a big ol' truck
Here she comes again man
