Give It Time

The Internet

Give It TimeWe try, we try to please you
And it's never enough, it's never enough
If I, If I had my way
I might have given it up, given it up
I've got so much on my plate right now
Aaaa, do you understand? Do you understand?Just give it time, just give it time
Just give it time, just give it time
Just give it time, just give it time
Just give it time, just give it timeSo you say you're tired
'Bout the same old song
But here I am working
Damn he's taking too long
Hey, I do it all for you (Da da da da da)
It seems we've been gone
Gone for so long
I gave you all my energy
Thankful for your faith in me
But why don't you just have some patience?
This so hard to find
Why we leave from you is the
Baby, love's been on my mind
So please let me breathe
I need air
Where's the trees?
