Work

Omarion

Yeah
Got your uniform on already
I know your day was long
And your pay was wrongUniform on already
So go and get you in the shower in the water
I'm gonna stay dry like 2000
On your body. It's like power
Giving you energy to workGood night, dinner and you'll be the dessert
'Cause understand it baby
All I wanna get you in the shower in the water
I'm gonna stay dry till 2000
On your body
You're so ambitious babyAll I wanna get you in the shower in the water
I'm gonna stay dry till 2000
On your body
I think you're ready for a new positionAll I wanna get you in the shower in the water
I'm gonna stay dry till 2000
On your body like power
Giving you energy
All I wanna get you in the shower in the water
I'm gonna stay dry till 2000
On your body
Giving you energyGirl, you got my permission to take off the work tomorrow
I'll commission you
Baby, you are the work of artMagician
You got me tricking
So much money on the floor
It don't matter what your rate is
Girl, you got my permission to take off the work tomorrowI'll commission you
You're such a flirt
You're a magician
You got me kissing
You know what I wantI'm ready to go
It don't matter ... is to come

'Cause understand it baby
All I wanna get you in the shower in the water

I'm gonna stay dry till 2000On your body
I think you're ready for a new position
All I wanna get you in the shower in the water
I'm gonna stay dry till 2000On your body like power
Giving you that energy
All I wanna get you in the shower in the water
I'm gonna stay dry till 2000On your body
Giving you that energy
All I wanna get you in the shower in the water
I'm gonna stay dry till 2000On your body
You're so ambitious baby
All I wanna get you in the shower in the water
I'm gonna stay dry till 2000On your body
I think you're ready for a new position
