

Black Of Night

King Diamond

I need light, I need light
To find my way around this house
I'm turning on the chandelier
Nice bright light for me to seeLittle footsteps coming from the hallway
Oh no, the lights are flickering
Oh no, the lights are outIn the black of night, oh, it's so hard to see
In the black of night, I see the moon
In the black of night, oh, the moon is fullIn the black of night, oh, it's so hard to see
In the black of night, I see the moon
In the black of night, oh, the moon is fullMy black cat magic
Mesmerized by something in the hallway
Who's to say what's living in the darkness?
Who is to say if a black cat can sense it?I need light, I need light
To find my way around this house
Oh, there's a candle
Just a little light so I can see againLittle footsteps coming from the hallway
Oh, oh, something hit me on the head
Oh, oh, there it is againIn the black of night, ooh, it's so hard to see
In the black of night, I see the moon
In the black of night, oh, the moon is fullIn the black of night, oh, it's so hard to see
