

Drag Em' In The River (Rasaq)

Chamillionaire

I'm the trillest of the trill
You the fakest of the fake Chamillitary man
I'm the trillest of the trill
You the fakest of the fake
Know what I'm talkin' bout
It's Color Changin' Click clack and uhh
I'm the trillest of the trill
You the fakest of the fake Tuned in to the Mixtape Messiah, know what I'm talkin' 'bout
But uhh, we got somebody else who wanna say sumthin'
Somebody who feel the same way, niggaz gotta serious problem
Know what I'm talkin' bout? It's Rasaq boy I'ma drag em' in the river, drop his body in the bay
With a note around his throat and you know what it say
Oh, you want some, you's a hoe Dike Jones
You's a hoe Dike Jones, you's a hoe
From the 4 and I don't give a shit
Color Changin' Click in this bitch represent who you with I'm on 4's, suicide doors
Searchin' through the city for this hoe Dike Jones
Take a shot of drank, just to get me in the zone
I know you see me comin' better strap up ya thong I heard you bumpin' gums, so you better get gone
Don't let this pistol handle come on top of yo dome
Ridin' 2 tone, grippin' Styrofoam
It's the boy Rasaq puttin' it down for Akers Home Niggaz know ya fraud, don't make me pull ya card
Tryna play it hard, but I caught ya off guard They say we fell off, what they didn't tell y'all
To get a meal all I need to do was make a cell call
They say we fell off, what they didn't tell y'all
To get a meal all I need to do was make a cell call I'ma drag em' in the river, drop his body in the bay
With a note around his throat and you know what it say
Ohh, you want some, you's a hoe Dike Jones
You's a hoe Dike Jones, you's a hoe
From the 4 and I don't give a shit
Color Changin' Click in this bitch represent who you with I'm the trillest of the trill
You the fakest of the fake
I'm the trillest of the trill
You the fakest of the fake
I'm the trillest of the trill
You the fakest of the fake I ride with made niggaz them
Choppin' on blades niggaz
I'm the trillest of the trill

You the fakest of the fake
