

# Tell Me What You Like

Guy

Tell me baby, what do you want, ooh  
Just tell me what you likeMidnight candlelight  
You and I  
Promised to share love for life  
But I must have been a fool  
'Cause me and you  
Don't talk the way we used to  
I just need to know  
I'm in need of an explanation  
'Cause I know that we still can make it right  
With no words love is complication  
Do you love me babyJust tell me what you like  
What you want  
Tell me what you like now  
Tell me what you like  
What you need  
Tell me what you like babyRemember when we played  
Run through the rain  
Love was laughter love was right  
I never shed a tear  
When you were near  
Passion was never ending yeah  
Then you hurt me so  
But I feel only pure compassion  
'Cause I know that we still can make it right  
With no words love is complication  
Do you love me babyTell me what you like  
You know and I know we can make it  
Give me a reason just tell me what you like  
I don't want us to put our trust into time  
I just need to knowTell me baby, what do you want  
Ooh, got to tell me  
I need to know  
Tell me now  
Tell me baby what do you need  
Ooh, got to tell meJust tell me what you like  
What you want  
Tell me what you like now  
Tell me what you like

What you need  
Tell me what you like baby
