Who Are You

Fifth Harmony

Monday you sent me flowers
Tuesday made me feel stupid
Wednesday the world was ours
Thursday you didn't prove it
Friday fell back in love
Saturday we didn't talk
Sunday you said you needed spaceDo you miss me? Am I crazy?
Am I losing hold of your love baby?
Either you want me or you don't
I need to know, I need to knowWho are you today?
Will you be the sun
Or the pouring rain?
Who are you tomorrow?
Will you make me smile
Or just bring me sorrow?
Who are you gonna be
When I'm lost and I'm scared?
Who are you gonna be
When there's nobody there?
Who are you today?
'Cause I am still the sameMonday you had my heart
Tuesday you had me screaming
Wednesday we didn't part
Thursday you didn't mean it
Friday I shook it off
Saturday you got it wrong
Sunday I said I needed spaceDo you miss me? Am I crazy?
Am I losing hold of your love baby?
Either you want me or you don't
I need to know, I need to knowWho are you today?
Will you be the sun
Or the pouring rain?
Who are you tomorrow?
Will you make me smile
Or just bring me sorrow?
Who are you gonna be
When I'm lost and I'm scared?
Who are you gonna be
When there's nobody there?

Who are you today?
'Cause I am still the sameWho are you? Who are you?It's so strange how the same thing
Can make you feel so right
And bring you so much pain.
It's so strange how the same face
Can you make you love until it hurts.
Where do we go? (where do we go?)
I need to know (I need to know)Who are you today? (today)
Will you be the sun
Or the pouring rain? (the pouring rain)
Who are you tomorrow?
Will you make me smile
Or just bring me sorrow?
Who are you gonna be
When I'm lost and I'm scared?
Who are you gonna be
When there's nobody there?
Who are you today? (today)
'Cause I am still the same
The same
