

# Big Day Coming

## Yo La Tengo

Let's be undecided, let's take our time  
And sooner or later, we will know our mind  
We'll be on the outside, we won't care  
Cause we're together, that's somewhere And there's a big day coming, about a mile away  
There's a big day coming, I can hardly wait Let's wake up the neighbors, let's turn up our amps  
And we know we're used to without a plan  
We can play a Stones song, sitting on a fence  
And it'll sound pretty good, til I forget how it ends I woke up early, couldn't go back to sleep  
Cause I had been thinking of where it all would lead  
So I made you wake up, I said, "Let's take a walk,  
I wanna hold your hand, we don't have to talk"
