

FuckWithMeYouKnowIGotIt (featuring Rick Ross)

Jay-Z

[Intro: Pimp C]

Little over a year ago I was in bondage
And now I'm back out here reaping the blessings
And getting the benefits that go along with it
Everything that's out here for kings like us
The reason why we like this this jewelry and this diamonds and stuff
They don't understand is because we really from Africa
And that's where all this stuff come from
And we originated from kings, you know what I'm saying
So don't look down on the youngsters
Because they wanna have shiny things
It's in our genes, know what I'm saying
We just don't all know our history so...[Hook: Rick Ross] X2

Fuck with me, you know I got it
Fuck with me, you know I got it
Sexy bitch I hope she 'bout it
Come fuck with me, you know I got it[Verse 1: Rick Ross]

Shopping bags, I'm a tourist, nigga

A nigga got unlimited credit
A nigga got a lot of vendettas
But we the Black mob, we gonna set it
Peel off in a Lamborghini Countach
200 in the dash we gonna rev it, skirt
Lucky Luciano is what that call me Paisano
A 100 keys at the piano plays across the Verrazano
El Padrino, in the villa in Venice sipping vino
Not bad for a Mulliano, y'all know like we know, I got it[Hook: Jay Z] X2
Fuck with me, you know I got it
Fuck with me, you know I got it
Sexy bitch I hope she 'bout it

I'm riding big coming down that beach
Geechy niggas with satin sheets
Bad bitch, she a masterpiece
