

# Abuse Me

## Silverchair

Need to whisper questions  
Calling out my name  
Nothing seems to bother  
Wish I had a clue  
C'mon abuse me more I like it  
Well I don't think you like me  
Well I hate you as well  
No one seems to like you  
Wish I couldn't tell  
C'mon abuse me more I like it  
C'mon keep talking 'cause it's true  
C'mon abuse me more I like it  
C'mon keep talking 'cause it's true  
Throw the sailors overboard  
  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard, overboard  
C'mon abuse me more I like it  
C'mon keep talking 'cause it's true  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard  
Throw the sailors overboard, overboard
