

Feel Like

Mikal Cronin

It's a game we tried, and ran out our time
It's a side of me that I cannot find Don't let me go, don't let me go
'Cause I don't want, don't want to know
Is it my fault we could not grow? Can't take this feeling from me
Shine on bright above me
Be the light that guides me up and through the fog
You're all I know It's a change of heart that we can't ignore
There's a part of me that will still be yours Don't let me go, don't let me go
'Cause I don't want, don't want to know
Is it my fault we could not grow? Can't take this feeling from me
Shine on bright above me
Be the light that guides me up and through the fog
You're all I know
