I Prefer

Barefoot Truth

Have you run into the human race?
Have you run into the world?
Have you run into the system?And I raise the white flag
And I raise the white flag
And that's the way
I prefer flagellationHave you run into your head?
Have you run into your balls?
Have you run into the human condition?And I raise the white flag
And I raise the white flag
And that's the way
I prefer flagellationI prefer, I prefer, I prefer flagellation
