Under the Sun

[Black Sabbath](#)

Well, I don't want no Jesus freak to
Tell me what it's all about
No black magician telling me
To cast my soul out
Don't believe in violence
I don't even believe in peace
I've opened the door
And my mind has been releasedWell I don't want no preacher
Telling me about the god in the sky
No I don't want no one
To tell me where im gonna go when i die
I want to live my life, I don't want
People telling me what to do
I just believe in myself
'cause no one else is trueEvery day just comes and goes
Life is one long overdose
People trying to ruin me
And I can thru their frustrationPeople hiding their real faces
each one running their rat races
behind each flower grows a weed
In their world of make-believeSo believe what I tell you
It's the only way to fight in the end
Just believe in yourself
You know you really shouldn't have to pretend
Don't let those empty people
Try and interfere with your mind
Just and live your life
And leave them all behind
