

# Biggest Fan

Chris Brown

You would think we in a waterbed  
All the sheets are soaked  
I'm glad that I ain't gotta work today  
Cause last night I did the most  
Girl you would think I was inside your head  
Cause I know everything you want  
And no one asked you if you got a man  
And do I care, I don't  
That's when we started sexing  
It's getting loud got them feeling like they in the clouds  
Got them screaming like they in the crowd  
I make them scream, baby, baby, baby, baby When you scream I need  
To pull your body closer, let me sex you baby  
Girl you better not change your mind  
Cause girl we got one night only  
One just to love right baby  
You're my biggest fan girl, I want you to holler Two girls and one champ, no is not an option  
Girl I'll be the captain, of the ship  
They gonna have my motor rocking  
Singing to them like play the dj all night long  
Getting these bitches, and play in my song  
And switching positions, I got the money so  
I'm granting they wishes  
I'll be that sugar daddy  
It's getting loud got them feeling like they in the clouds  
Got them screaming like they in the crowd  
I make them scream When you scream I need  
To pull your body closer, let me sex you baby  
Girl you better not change your mind  
Cause girl we got one night only  
One just to love right baby  
You're my biggest fan girl, I want you to holler, for me yeah Come on girl, tear it up  
You can make it clap, for me girl, give it up  
God damn, you're fine, I'm bout to stand up, stand up  
I just came do you just to make you holler  
Doing it for hours, even in the shower  
Over and over again  
Baby I'm all up in your driveway, kissing flowers  
Are you ready, I'm a take what's mine

You get comfortable, slow and easy  
I'm kinda tipsy from this wine  
So what I say might be a little confusing  
I got a magnum in my wallet  
I'm a pull it out of there then I'll use it  
I'm gonna make you scream When you scream I need  
To pull your body closer, let me sex you baby  
Girl you better not change your mind  
Cause girl we got one night only  
One just to love right baby  
You're my biggest fan girl, I want you to holler When you scream I need  
To pull your body closer, let me sex you baby  
Girl you better not change your mind  
Cause girl we got one night only  
One just to love right baby  
You're my biggest fan girl, I want you to holler
