

In The Name Of Your Love (feat. Riley Smith)

Nashville Cast

Well angel what's your name
Baby tell me where you came from
All the way from heaven that's a long way down
Guess you found your sinner
Girl I ain't the same no
But maybe you could save me now
Saint Theresa you're the reason I can change
You make me wanna be a better man baby
I got some skeletons in my yesterday
But baby I can give them all up In the name of your love
In the name of your love
In the name of your love
Yeah baby I could give them all up
In the name of your love
In the name of your love
In the name of your love
Yeah baby I could give them all up Angel what's your game
Tell me what you have to gain from
Painting this town with a devil like me
Make you black and white are we talking about the same love
But could it end up in misery
Saint Theresa you're the reason I can change
You make me wanna be a better man baby
I got some skeletons hiding in my veins
But baby I can give them all up In the name of your love
In the name of your love
In the name of your love
Yeah baby I can give them all up
In the name of your love
In the name of your love
In the name of your love
Yeah baby I can give it all up I'd go down to the river and
Jump in to be delivered and
I'd hold my breath and count to ten
Make sure that I was born again
I'd go down to the river and
Jump in to be delivered and
I'd hold my breath and count to ten In the name of your love
In the name of your love

In the name of your love
Yea baby I could give it all up
In the name of your love
In the name of your love
In the name of your love
Yeah baby I could give it all up
In the name of your love
In the name of your love
Yea baby
