

Hold On Tight

The King Blues

So wicked
In the way he moves
Don't miss it
Do not be a fool It's a long way
It's a long way home
Light inside of me
It ignites my bones He comes to me in my dreams
And tells me what I need to know
He makes me feel so at ease
He guides me to the lights above
I just wanna fall into his arms tonight
Someone tell me I, I will be alright
Hold on tight Remembering, I forever will
Surrendering, just how we felt It's a long way
It's a long way home
Light inside of me
It ignites my bones He comes to me in my dreams
And tells me what I need to know
He makes me feel so at ease
He guides me to the lights above
I just wanna fall into his arms tonight
Someone tell me I, I will be alright
Hold on tight And when it's all the thunder & rain
The cinema is fading away
I gotta make my way through the night
Holding on with all of my might
And when I'm lost, and I can't find the way
I'll feel the pieces breaking away
Hold myself with all of my might
Don't let go
Just hold on tight He comes to me in my dreams
And tells me what I need to know
He makes me feel so ease
He guides me to the lights above
I just wanna fall into his arms tonight
Someone tell me I, I will be alright
Hold on tight
