

# Hard To Walk Away

## Trey Songz

I love everything about your body  
Open up inside, you know  
You know that I'mma make you love me  
If we do this one more time  
'Cause girl eventually my face gonna get sticky tonight  
And I go down on it, I go to town on it  
Don't I, don't I, don't I give you more than you can take?  
And we ain't 'bout to stop, no  
Girl, who needs a break?  
Oh it's never good, take your body shake  
And if you ever try to leave me, girl  
I'mma make it hard, hard to walk away Promise you gon' feel me later,  
It's gon' be hard, hard to walk away  
Felatin' your body all day  
Hard, I'll make it hard to walk away  
Stay in bed, rest the head, take it easy  
It's gon' be the best day  
You gon' want a round away you'll see  
Especially if you tryina feel me later  
Girl, your face so pretty, my face gonna get sticky tonight  
And I go down on it, I go to town on it  
Don't I, don't I, don't I give you more than you can take?  
And we ain't 'bout to stop, no!  
Girl, who needs a break?!  
This girl ain't never over, make your body shake  
(make it shake for me)  
And if you ever try to leave me, girl  
I'mma make it hard, hard to walk away I won't let no problems getting up in the morning  
But you'll startin' too young and  
Girl, you know I kill, kill, kill, kill that  
Make you spill that  
Poppin' like a pill that  
That's so fine, hell yeah  
You gon' kiss it till ya  
Gon' hear me say don't I give you more than you can take? And we ain't 'bout to stop, no  
Girl, who needs a break?  
This girl ain't never over, make your body shake  
(make it shake for me)  
And if you ever try to leave me, girl

I'mma make it hard, hard to walk away  
Promise you gon' feel me later,  
It's gon' be hard, hard to walk away  
Felatin' your body all day  
Hard, I'll make it hard to walk away
